**Subject:** Re: [External] PA for the Atlantic Coast Pipeline and Supply Header Projects, PA, WV, VA, NC

I spoke with Phil. He says that he received the documents yesterday (Saturday) via NCDOJ counsel to the Department. He told me that typically he clears documents like this that are going to the federal government. However, outside of monument removal issues, he said he does not deal with the State Historic Preservation Office in many matters. He is looking into how these negotiations developed, and who was involved, and then to provide me with an update. Will relay.

I need to understand how this could get negotiated and signed at DNCR without their legal counsel's review.
